

TelPlus Hospitality brings the industry a Cost Effective Replacement for traditional hotel PBX's.

- *NO up front cost and NO capital expense.
- *Cut costs by using our SIP trunking instead of a PRI or analog telephone lines.
- *Use existing room phones and wiring.
- *Includes wake up calls & message waiting indications.
- *Free calling with reduced line cost.
- *Front desk and staff have state of the art phones with impressive features and functionality.
- *Good chance there will be NO phones in your rooms in 4+ years. Why make a large investment in a traditional PBX?

mnewman@telpluscybergate.com

Keep your existing room phones &
use the same wiring.....
